*Bridgette Moore-Dock*

Bridgette Moore-Dock is a native of Lake Charles, Louisiana. She is an alumna of McNeese State University, where she earned her Bachelor of Science in Business Administration. While working towards her master's degree, Bridgette was diagnosed with Cone-Rod Dystrophy at the age of 40 and lost her central sight. As a result, she ceased pursuit of her master's program, despite completing 45 of the 60 required credit hours. Bridgette was determined not to let any weapon formed against her prosper. In 2019, she reentered her second Master of Arts program at Louisiana Tech University, majoring in counseling and guidance with an emphasis on rehabilitative teaching for the blind. Today, she has successfully completed all her coursework and will graduate in March of 2021.

Bridgette has turned her greatest obstacles into opportunities to help and advocate for others. The challenging journey of transitioning to the world of the disabled inspired her to become an advocate for people living with disabilities. Bridgette has been a member of a Mighty Army of Prayer Warriors for approximately three years. She has served on many nonprofits organizations, including Vision Rehabilitation Services as an Intake and Assessment Specialist; American Cancer Society as an educator; and the National Federation of the Blind Cobb County Chapter as 2nd Vice-President.

Bridgette is humbled by God's gift of two beautiful children, Deven and Johnel (JB), and her grandson Ezra.
